District Office

September 11, 2020

Dear Homer Schools Community,

The sound you hear in the community is a collective sigh of relief! We have reopened school and we are off to a great start.

I want to thank the students, both in-person and at home, for returning with a positive attitude and being ready to learn. Thank you to the parents for their support and understanding as we continue to navigate the ever-changing landscape of guidelines and expectations. Thank you to the entire Homer staff for their professionalism in taking their responsibility for the health, education and wellbeing of your children seriously.

I have a couple of things to share with you as we head into the weekend...

Meal Distribution

We continue to provide meals for children learning at home from two district locations. Monday – Friday, from 4-5:30 p.m., families may pick up meals from both the Homer Elementary and Homer High School buildings.

Pre-Screen App (For in-person and hybrid learners)

More than 1,200 students were pre-screened this morning prior to coming into school! Very impressive! This shortens a child's entry into school and helps them avoid a longer wait to have their temperature taken and to answer Covid-19 related questions. If you haven't tried to use the app., I would encourage you to do so. If you need additional information about pre-screening, please contact your child's school main office.

I am extremely thankful to be a part of such a wonderful school community. It will be important for us to continue to face unforeseen challenges together as we move through the 2020-2021 school year. With this approach, I am confident that we will meet with success. Have a great weekend and thank you for entrusting your child's education to us.

Sincerely,

Thomas M. Turck

Thomas M. Turck
